all that is not so complicated as looks in first moment: when partner shows only 5-5 we fixe a trump suit in this way: minor cue fixes minor suit, major cue fixes major suit ,3 in majors opening =inw,4 in minor opening =inw ,opener shows singl. nat way. When partner shows 6-5 we bid lower free bid fixes lower partner's suit and it is RKCB higher free bid fixes higher partner's suit and it is RKCB(after partner shows 6-5 we don't ask short suit)
